### **Save \$100 on the CalDigit RAID Card or HDElement during March & April!**

Placentia, CA - March 2, 2008. During the months of March and April 2009, CalDigit is offering a \$100 mail-in rebate on any CalDigit RAID Card, HDElement or HDElement expansion unit. The CalDigit RAID Card is an incredibly powerful and flexible hardware RAID solution, and this special promotion takes an additional \$100 off of the already low price of these versatile CalDigit products.

The CalDigit RAID Card Rebate program is easy, simply buy a CalDigit RAID Card, HDElement or HDElement expansion unit between 03/01/2009 to 04/30/2009 from any CalDigit authorized reseller. Fill out the required rebate form and mail it in. You can find the official rebate form complete with rules and regulations at <http://www.caldigit.com/crcrebate/Rebate.pdf>

The CalDigit RAID Card is an incredibly flexible hardware RAID solution that supports online migration and expansion. This means you can pay as your business grows and you'll never have to worry about losing your data. The CalDigit RAID Card features an Intel XScale processor, 256MB of fixed cache and optional battery backup. It supports 100% hardware RAID performance and protection for up to four internal drives and twelve externally via the HDElement (an enclosure which contains 4 drives).

The HDElement connects directly to the CalDigit RAID Card through the extremely fast mini-SAS ports on the rear of the card. CalDigit's RAID Shield software makes it easy to manage the complete RAID system and provides advanced event notification. The CalDigit RAID is packed full of innovative CalDigit technology like ASTT and has support for RAID 0, 1, 5, 6 and JBOD. The more drives connected to the CalDigit RAID Card, the faster the performance. With just four drives, speeds of up to 245MB/s can be reached with RAID 5 protection, upgrade to 16 drives and the speed increases to 500MB/s. The CalDigit RAID Card and HDElement are completely bootable and even Bootcamp bootable, something no other RAID card can do. Several accessories are available for different configurations, making the CalDigit RAID Card and HDElement a flexible and powerful solution.

For more information about the CalDigit RAID and HDElement card visit [www.caldigit.com/](http://www.caldigit.com/). You must act fast to get in on this limited time rebate offer.
